Additional ministerial & menial staff for the Ministries of Govt. Book Depot 3335 Sanctioned Rs. 1/2-11-4331

Read the letter No. 1785 dt. 1/2-11-4331 from the Supdt. Govt. Central Book Depot, Bangalore requesting the revival of the staff retrenched during the year 1931-32.

The Supdt., Govt. Central Book Depot reports that the work in the depot has been steadily growing ever since the transfer of the Control of the depot from the Director of Public Instruction to the Supdt. Govt. Press in 1932. This is borne out by the statistical information and the subjoined survey of the activities of the depot furnished by him. The total sale value of Text books is expected to work out in future to Rs 200000 besides the sale value of departmental publications.

He further states that the stocking, printing and selling of all these publications in addition to the sale of portraits of His Highness the Maharaja and the Mysore flag are becoming too onerous to be borne by the limited staff and adds that the work is expected to fall into heavy arrears. The Press Committee is reported to be considering the simplification of accounts and the need for additional establishment. The Supdt. requests, in view of the urgent necessity of bringing the work of the depot into a normal state, the restoration of the staff retrenched in the year 1931 when printing etc of the Kannada Text book publications has been transferred to Bangalore printing and publishing Co., the post already sanctioned in 1933 being made permanent and also for two temporary clerks.

The Secretariat Committee P.S. 42-2 has been invited to the C.W. this day — Now remarked the economy

No. 1785

3 - NOV. 1943

Sir,

Adverting to Government Order No. A. F. 5356-7/P & S 80-42-2 dated the 24th March 1943, according sanction to the continuance of the post of the Typist for another year from the 7th May 1943, I have the honour to state that the work of the Depot has enormously increased after the control thereof was transferred from the Director of Public Instruction to the Superintendent, Government Press, in the year 1932. Thereafter, the work in the Depot has steadily increased year after year as can be seen from a brief survey of its activities as well as from the statistical information furnished hereunder.

	31-32.	41-42.	42-43.
1) Total No. of items of stock handled.	1,553	1,680	2,033
2) No. of packets sent.	figures not readily available	5,500	7,000
3) Outward Invoices sent.	5,216	7,000	8,500
4) Inward Invoices.	362	293	420
5) No. of items of suspense account.	(30-31) 85	172	410
6) No. of agencies and Branch Depots.	166	148	188
7) Stock on hand on the 30th June.	Rs 285,000/-	Rs 281,246	Rs 3,15,631/-
8) Total issues.	Rs 73,298/-	Rs 88,663/-	Rs 1,35,149/-

From the year 1926 to 1931 the Depot was dealing in about 1,553 kinds of publications grouped under 8 different kinds of heads. Out of these, the School books and official publications formed the major items, each consisting of a few hundreds of minor publications. In the year 1931, the printing, stocking and selling of 10 kinds of Kannada Text Book publications

P.T.O.

were transferred to a private press, viz., the Bangalore Printing and Publishing Company. Consequent on this transfer, the staff sanctioned for the Government Book Depot therefor was also curtailed. With the reduced staff the then existing activities of the Depot were placed under the charge of the Superintendent, Government Press. Since then the number of departments of Government has gradually grown with increased publication activities, specially after the grant of Reforms and formation of the newly constituted Assemblies and proportionately the stocking and sale of official publications has gone on increasing. Further, the stock and sale of all the School Text books compiled by the Department of Education has been concentrated, at the Government Central Book Depot, by retransferring from the Bangalore Printing & Publishing Co., the right to print and sell 10 publications having the largest sales. Other miscellaneous items such as the stocking and distribution and sale of Mysore Flags and the portraits of His Highness the present Maharaja, have greatly added to the work of the Department.

The heavy work connected with the stock and sale of the School Text books has almost dislocated the work of the Depot, on account of the large transactions. There are about 6,000 primary schools and about 1,000 Middle schools in the State. The needs of all these 7,000 schools have therefore to be attended to by the Depot only through 188 Agencies and Branch Book Depots. The sale value only of three Text books transferred from the Bangalore Press out of ten, during a period of about two months has worked out to about Rs.11,000. The sales of other seven books also will be equally heavy. During the first and the last quarters of the official year, the sales go up abnormally while they are almost uniform during the rest of the official year. The total annual sales may work out to about Rs.2,00,000/-, in future, as against Rs.73,298 in the year 1932. Even in respect of official publications there has been a steady increase ever since the year 1933.

P.T.O.

The Statement enclosed herewith shows the staff that was available when the Depot was under the control of the Educational Department, the staff retrenched, the staff as transferred to the Government Central Book Depot, the staff now existing and the minimum staff required on a permanent basis, for working the Depot on satisfactory lines. (Vide Appendix 'A'

4) From the above, it can be seen that there has been practically no increase in the existing staff of the Depot except for a temporary Typist sanctioned year after year since 1939. This post of the Typist has admittedly relieved the congestion in work relating to the correspondence but as similar help was not forthcoming in the other sections, especially in the Stores and Accounts Departments, the work has fallen into heavy arrears. Representations made to Government (vide margin) to sanction the post of one additional clerk atleast on a permanent basis has unfortunately been linked with the simplification of the Depot Accounts and the necessity or otherwise for an additional hand has been referred to the Press Committee for opinion. On the interim recommendation of the Press Committee, an additional Clerk was sanctioned for a period of one year and the post has not been renewed since 23-4-1942.

1) 6174 Dated 7/11-6-40.
2) 1352 " 24-9-41.
3) 3968 " 6-4-42.
4) 3134 " 16-2-43.

The simplification of accounts has been under correspondence between this office and the Comptroller during the past three years or so without any definite decision being arrived at. The efforts put forth by the existing staff of the Depot to maintain efficiency and bring the work up-to-date have not at all been successful. The staff has been working extra hours as late as 7-30 P.M. or even 8 P.M. on almost all the working days. Even special arrangements made for holding the office on holidays have not also had the desired effect. The Accounts continue to be in heavy arrears. Such accumulation of arrears in Government work is neither desirable nor permissible for long. Continued over-

P.T.O.

working has already told upon the health of the staff to a considerable extent, resulting in low efficiency.

5 The Press Committee was reminded on the subject of the simplification of accounts and the additional establishment required. A detailed note prepared by the Special Accounts Officer, of the Press Committee, dealing with the absolute minimum staff needed for working the Depot on a satisfactory basis, was placed before the meeting of the Press Committee, held on the 12th August 1943. It is intimated, that after discussing the subject at length, the Press Committee have resolved that the subject relating to the simplification of accounts and the additional establishment required to cope with the increased work be further discussed, if necessary, by examining the administrative and accounts details in person before definite proposals are made to Government. On some account or other the question relating to additional establishment consequent on the very heavy increase of work has not been settled and consequently the existing overworked staff has obtained no sort of relief and there is every probability of the work of the Depot falling into heavy arrears.

Under the above circumstances, I request that until such time as the administrative and Account needs of the Depot are considered by the Government Press Committee and definite proposals as recommended by them are approved by Government, the staff retrenched (vide margin) in the years 1931 and 1932 when the stock and sale of the Ten Text books were transferred to the Bangalore Printing & Publishing Company, may atleast be sanctioned to be entertained immediately, as it has been found almost impossible to work the Depot, on satisfactory lines, with the existing staff.

1 Clerk on Rs.25/-.
2 Clerks on Rs.20/-.
MENIAL ESTABLISHMENT.

I beg to request that in the interest of work, in the Government Central Book Depot, early sanction of Government, may kindly be accorded to the above proposals.

Sir,

Adverting to Government Order No.A.F.5356-7/R & S 89-42-2 dated the 24th March 1943, sanctioning the continuance of the appointment only of the Typist on Rs.30/- for another year, from 7th May 1943, in the Government Central Book Depot, on the existing basis, I have the honour to state that ever since the sanction of the continuance of post of the Typist, on Rs.30/- per mensem for another year in the Depot, as per Government Order, read above, the work of the Depot, has been considerably on the increase due not only to the transfer of Ten Educational Text Books from the Bangalore Press to this Depot, but also due to the increase of Agencies and Branch Depots, for the sale of these School Text Books in the State, and the arrears of work in the Depot are accumulating owing to the short of hands. Even the routine work of the Depot, cannot be turned out with the existing staff of the Depot, as the stocking and sale of the official publications and the several Control Orders in addition due to War, has gone on increasing day by day A representation has already been made to Government for sanctioning the additional hands for the Depot, in this Office letter No.1785 dated 25-10-43/2-11-1943, which may kindly be approved early.

The staff of the Depot is short of hands and has no separate Typist. The post of a Typist is absolutely essential to remove the congestion in work relating to the heavy

correspondence. Under these circumstances, sanction of Government may kindly be accorded for the continuance of the Typist, on Rs.30/- per mensem, until the post of a Typist, is sanctioned on a permanent basis, as already requested in my letter referred to above.

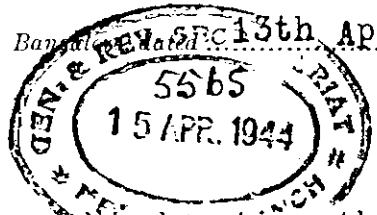
OFFICE OF THE SUPERINTENDENT,
GOVERNMENT CENTRAL BOOK DEPOT,
Bangalore, S.P.C. dated 13th April 1944.



Dear Sir,

I beg to bring to your kind notice that a representation was made in this Office letter No. 3198 dated 24/28th February 1944, requesting for the sanction of Government, for the continuance of the appointment of the Typist, (temp.) on Rs.30/- in this Depot, from 7th May 1944, until the sanctioning of the post, on a permanent basis. Orders have not been communicated on the subject. The work of the Depot has been considerably on the increase and arrears are accumulating. Indents from Agents are not being attended to promptly owing to shortage of hands. Further, since no orders have been received on the question of additional hands for the Depot, as requested in my letter No.1785 dated 2nd November 1943, the continuance of the Typist post atleast may be ordered immediately, otherwise it would be extremely

P.T.O.

difficult to transact the business of the Depot, with the existing staff.

I request the favour of early communication of orders of Government in the matter.

Yours Sincerely,

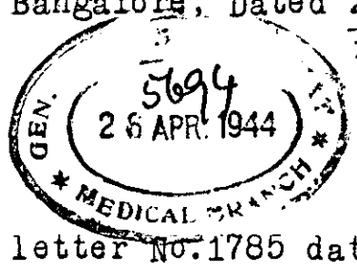
Bangalore, Dated 24-4-1944.



Dear Mr. Subba Rao,

In continuation of this Office letter No.1785 dated 25-10-1943/2-11-1943, requesting sanction to the additional hands to the Depot, for reasons stated, I write to state that the Book selling season has already begun and the Government Book Selling Agents have sent their Indents and are pressing for the supply of books. Moreover, a good number of new Agencies have been sanctioned for the convenience of the Public this year and as such, it has been found almost impossible to work on satisfactory lines in the Depot with the existing staff. If the Indents of the Agents for the supply of the books are not attended to in time, I am afraid that there would be complaints from the Public. Also, Accounts work in the Depot is steadily increasing in all sections and the arrears are accumulating for want of Clerks.

Under these circumstances, I request the favour of an early communication of orders of Government, in the matter of additional hands to this Depot.

Yours Sincerely,
